

1. Executive Summary

Random Race is not just another blockchain game - it's your adrenaline-fueled ticket to a world of speed, strategy, and chaos. Built on the Base blockchain and powered by NFTs, this fast-paced racing game challenges players to navigate obstacles, rack up points, and collect coins to mint exclusive cars.

With **\$RACR** as your performance-boosting sidekick and coins as your golden tickets to NFT car ownership, Random Race is all about embracing the thrill of the chase. Seamlessly integrated into the **Metapro One** mobile platform, this game isn't just a race—it's a revolution in blockchain-based gaming.

2. What Makes Random Race a Game-Changer?

- **Degen Spirit:** Forget the rules and embrace the chaos! Speed through challenges and climb to the top of the leaderboard.
- **Real Ownership:** Collect in-game coins to buy or mint limited-edition NFT cars. No \$RACR earnings—this race is all about strategy and style.
- **Boosted with \$RACR:** Use \$RACR to supercharge your performance. Want that extra edge? Trade your MPRO for \$RACR and hit the track with power.
- **Fairlaunch Hub Exclusive:** Join us on December 3rd for the ultimate launch on **FAIRLAUNCH HUB**, where speed meets fairness.

3. Gameplay Overview

- **The Mission:** Dash through checkpoints, collect coins, and avoid obstacles like trees, lakes, rocks, and, of course, other reckless racers.
- **The Goal:** Earn as many points as possible before time runs out. The better you perform, the more coins you collect.
- **The Strategy:** Spend your coins wisely to buy or mint cars as NFTs, each with unique attributes like speed, handling, and booster performance.

4. Car Collection (The NFT Flex)

Every car in Random Race is unique, with varying attributes and limited availability. Here's a complete look at the fleet:
